[vers 1]

Fame and fortune was my aim
I knew that I could go far
But now my life cannot be the same
Since I became a singing star

Always first with every style
I seem to have it all
But underneath this is happy smile
I'm just a lonely singing doll

[refräng]

I am just like other girls
I want to find a boy to love
But I never got the chance
To find the boy I'm dreaming of

[vers 2]

Any party I go to
People stop and they stare
Boys on the lurk never speak to me
It's just as if they didn't dare

So each night I stay at home
Looking at the wall
I always seem to be on my own
I'm just a lonely singing doll

SOLO

[refräng]

I am just like other girls
I want to find a boy to love
But I never got the chance
To find the boy I'm dreaming of

[vers 3]

Any party I go to
People stop and they stare
Boys on the lurk never speak to me
It's just as if they didn't dare

So each night I stay at home
Looking at the wall
I always seem to be on my own
I'm just a lonely singing doll

[outro]

I always seem to be on my own
I'm just a lonely singing doll
I always seem to be on my own
I'm just a lonely singing doll
